Dear Fellow Shareholders:

We had a busy year. We built and opened a temporary casino in Illinois in less than nine months. We continued construction of a major casino hotel in Colorado, set to open later this year. We did two add-on bond transactions under our principal debt agreement to fund our growth. We expanded our online sportsbook business. Meanwhile, our existing properties did well, with two key properties achieving some of their best results in many years.

We anticipate that each of our new properties is likely to earn more than our entire company earned previously. Our company is shifting from a low-profile microcap company to a respected regional casino owner and operator. We're focused on our long-term goal: generating industry-leading shareholder returns.

The Growth Opportunities

In common with other real estate, our casinos typically generate value three ways:

- They produce operating income, which is well recognized and valued.
- They incur depreciation charges that often exceed the need for maintenance capital expenditures. This results in additional cash flow from operations that can be even better than "operating income," as the income taxes on such cash flow are deferred.
- Casinos often appreciate in value. This is beneficial, as taxes on the appreciated value are deferred until the property is sold. Even then, the gain often qualifies for favorable tax treatment.

Casinos are readily leveraged, so the returns on the equity investment can be large. There are also significant barriers to entry in most casino markets. Finally, of course, the gradual legalization of casino gaming over the past 45 years has created significant growth opportunities.

Structure matters. Many casino companies have sold much or all of their real estate, keeping management contracts or leases wherein they continue to operate the properties on behalf of third-party owners. This often makes it more complex to operate the properties, leaves the operator with the junior portion of the cash flow, and could limit the potential to develop new properties, as much of the cash flow is irreversibly diverted towards dividends to the property owners instead of being potentially reinvested in development of new properties. If new casinos can be developed at high equity returns, then shareholders could lose out on some or all of that opportunity.

We own most of our casinos. The only exception is the Grand Lodge Casino at the Hyatt Lake Tahoe, which is a relatively small part of our company. We have some land leases underlying a few of our properties, but we have options to buy out each lease at a stated price and subject to certain conditions. Such leases are a form of financing, rather than a strategic move to pay dividends through a REIT structure instead of developing new businesses.

We also see lots of opportunities to reinvest cash flows at high returns on behalf of shareholders. We can do so because we are a relatively small company that has identified large growth opportunities.

Finally, if our properties increase in value due to inflation or otherwise, that increase accrues to our shareholders, rather than to a third-party real estate owner.

We could potentially opt to convert to a different structure at some future date. Optionality, however, has value, and the retention of our real estate today helps us maintain that flexibility.

Liquidity

At a time when the Federal Reserve is raising interest rates to fight inflation and amid the recent banking crisis, many investors are focused on liquidity. Capital markets tend to ebb and flow, with windows opening and closing and the cost of raising new capital adjusting accordingly.

Fortunately, we have excellent liquidity. We raised all the money to complete Chamonix in Colorado and The Temporary in Illinois in 2021 and 2022, before the current capital crunch. We recently did a small add-on bond issue, privately placed with a significant bondholder, to further ensure that our current liquidity covers our near- and mid-term needs.

Following a \$50 million upfront gaming tax payment required in Illinois, we currently have approximately \$136 million of cash and equivalents. Of this, approximately \$15 million is utilized in operations and \$93 million is in a restricted account to fund the completion of Chamonix's construction. Approximately \$28 million is unrestricted and otherwise not needed in operations. Note that our bond indenture requires a third-party construction expert to certify each month that the restricted fund has sufficient funds to complete the key elements of the project. The project is largely "bought out" at this point; if additional money must be used for completion, we expect that the amounts should be relatively minor.

Our existing operations, before The Temporary and Chamonix, generate enough cash flow to largely cover the interest expense on our debt, including the debt funding construction of the new properties. The Temporary is now open, with only one restaurant left to finish. Almost all its bills related to opening have been paid. While operations are still ramping up, we expect it to quickly become profitable and produce cash flows that can be used elsewhere. When construction is completed on Chamonix later this year, we believe our company will become a significant generator of free cash flow.

We plan to build the permanent American Place to replace The Temporary at the same site. Accordingly, we put The Temporary in a relatively inexpensive "sprung structure," with offices in leased construction trailers and kitchens in leased shipping containers. We have food and beverage kiosks operating out of Airstream trailers and a steakhouse soon to arrive that is actually a 175-seat diner, all of which can be relocated or sold when the permanent facility opens. The surface parking and site work for The Temporary is much of the same that will be used by the permanent American Place. The largest single cost of building The Temporary, apart from the upfront gaming taxes, was the investment of \$16 million in slot machines, all of which can be relocated into American Place.

[Table of Contents](#)

It is important for us to complete the permanent casino within three years of the February 2023 opening of The Temporary. Illinois law allows temporary casinos to operate for two years and gives the Illinois Gaming Board the discretion to permit a third year, if necessary, to accommodate construction of a permanent casino. We believe the third year will be necessary to build American Place at the scale and quality previously approved by the Illinois Gaming Board. We intend to seek approval for that third year shortly. Such approval will allow us to shift our employees and customers seamlessly from The Temporary to American Place.

We expect the working designs for American Place to take six to 12 months to complete. We can readily fund design fees and initial construction with our existing resources. Within a year or two, we intend to arrange the permanent financing to complete American Place.

We have many alternatives to fund this, including:

- Replacing our existing bonds with a new, larger bond issue. Our existing bonds mature in 2028 and become callable in February 2024. Even if interest rates are a bit higher, the strong cash flows produced by our diverse group of casinos make us a better credit than we were in 2021, when our existing bonds were issued. That significant cash flow may also mean that any new bond that we may issue may only be outstanding for a few years.
- Our existing debt allows the issuance of subordinated debt. That could be expensive, but would avoid the call premium on the existing bonds.
- We have a standby financing arrangement with a large investment fund that we put in place during the competitive process for the license. This is still available.
- We could do a sale/leaseback arrangement, either for American Place itself or for a package of our properties.
- We could sell the opportunity. We don't think this would be in the best interests of our shareholders, but the possibility illustrates why American Place is a positive for shareholder interests.

Chicagoland

Our project near Chicago reflects our development philosophy.

Chicagoland is a big place. It's somewhat of a mix of New York and Los Angeles, the other two of our country's three largest cities. Like New York, it has a densely populated urban area, with the urban core being second only to Manhattan for urban population and density. But like Los Angeles, Chicago also has sprawling suburbs that reach many miles from the heart of the city and have significantly more residents than the downtown area. Many of those suburban residents seldom travel downtown.

We believe this is an underserved market. The approximately 10 million people in the region gamble quite a bit less per capita than residents in other cities with casinos. We think that's because of the limitations and quality of existing properties.

[Table of Contents](#)

In addition, there was a notable “hole” in the development of casinos around Chicago. There was no casino for an 80-mile stretch of suburban sprawl from the highly successful Rivers Casino near O’Hare International Airport to the Potawatomi tribal casino near downtown Milwaukee.

Just south of the center of this 80-mile stretch is Lake County, Illinois, with some 700,000 people. Home of Lake Forest, Lake Bluff and Libertyville, it is one of the wealthiest counties per capita in both Illinois and the U.S. The county seat is Waukegan, which for many years has been seeking jobs, tax revenues, and development to replace the old industrial businesses that once lined its lakefront. Our Waukegan casino site is ideally located in the heart of Lake County, between the area’s two major highways and accessible to the county’s wealthier townships as well as to Waukegan.

The Temporary has now been open for just over six weeks. In its first 45 full days of operations, it has generated \$10.9 million of casino revenues. That’s a run rate of approximately \$90 million per year. In 2022, our entire company’s gaming revenues from our five other casinos were \$114 million.

The gaming commission has not yet approved us to operate 24 hours a day, so we are currently open from 8 a.m. to 4 a.m. As our cage operations improve in efficiency and accuracy, we expect to move to 24-hour operations. The gaming commission recently permitted us to open our table games earlier in the day, beginning at 10 a.m. versus 2 p.m., and operating until 2 a.m. We were also recently approved to increase our gaming limits from \$1,000 per wager to \$2,000. As we continue to hire and train more dealers, we will expand from 28 tables currently in operation to the 50 games that we are planning to operate, with extended hours of operations.

In the food and beverage area, we recently opened our second restaurant, a fusion of Mexican and Asian cuisines. In May, we expect to open our third restaurant, a high-end dinner venue.

Our customers to date are primarily from Lake County, with very few customers from Downtown Chicago. Most of our revenue seems to be coming from increased gaming by regional residents taking advantage of a casino now conveniently located near their homes. Therefore, when the casino opens eventually in Downtown Chicago, we think it will have very little effect on our operations in Waukegan.

Our permanent American Place will be significantly larger and offer far more amenities than The Temporary. Naturally, we expect that it will produce significantly higher revenues and income.

Colorado

Colorado has a population of approximately 5.8 million, roughly half that of Chicagoland and nearly double that of Nevada. Over 85% of that population lives in the Rocky Mountain “Front Range.” We acquired a small casino in Cripple Creek, Colorado in 2016, which has a prominent location and controlled adjoining land. Cripple Creek is the closest gaming jurisdiction to the Southern Front Range, principally Colorado Springs, while Black Hawk is the principal gaming destination for the Northern Front Range, principally Denver. We now own, or lease with the right to purchase, the better part of three city blocks in the center of Cripple Creek.

Cripple Creek is a historical town with strict development restrictions. We designed a major casino that is intended to fit into the district, with brickwork on the lower floors and hotel towers largely hidden from street view by the historical buildings.

We began construction in earnest in early 2021 as the country was still recovering from the pandemic. We overcame supply-chain issues, construction employment challenges, tariffs on goods that historically were often imported, and other issues.

In many respects, the project is largely done. While it won't open for several more months, the outside structure is largely complete, cranes have been removed, and guest rooms are being outfitted. The furniture has been specified and purchased, and is generally either on site or being built and shipped.

We still have a lot of interior finishing work to complete. We need to hire and train hundreds of new employees. We also need to tell the world, and Denver and Colorado Springs in particular, that a high-quality casino is opening in Cripple Creek.

Once finished, however, we expect to generate high returns at this property for many years, like the casinos built in recent years in Black Hawk and other places that were previously underserved. It has been difficult to put together an appropriate site, to design to fit within the goals and restrictions of this historic place, and to build a large project in such a remote location. Now that much of this is behind us, we also know that it would be difficult for a competitor to build something comparable in scope and quality.

Our Other Properties

In 2022, our Silver Slipper property in Waveland, Mississippi had the second-best year in its 16 years of operation. It fell short only from the 2021 results, mostly because of the absence of the government stimulus checks issued in the prior-year period. It was also affected by increases in certain costs, notably insurance in this hurricane-prone area, and competition for its small sportsbook operation from online sportsbooks in nearby Louisiana that began operating in January 2022.

We recently received an important approval from the Army Corps of Engineers that would permit us to create additional surface parking in our wetlands-dominated location, as well as to build a potential new guest room tower out over the Gulf of Mexico. We are a bit busy building Chamonix and preparing to build American Place, so this option is some distance down the road. Receipt of those approvals, however, increases the value of the property and extends our potential growth still further into the future.

[Table of Contents](#)

Our Rising Star property near Cincinnati was similarly affected in 2022 by the absence of stimulus checks, as well as the opening of a competitor in Northern Kentucky in September 2022. Nevertheless, it too achieved its second-best level of profitability in recent years.

Our Northern Nevada operations had an increase in revenues and flat profits. The results reflected the Lake Tahoe region's continued tourism recovery from the pandemic restrictions. We recently extended the lease that allows us to operate the Grand Lodge Casino, which is one of the two casinos in this segment. The lease has always been a relatively short-term lease and has been extended in increments several times before.

Our Bronco Billy's casino in Cripple Creek was severely affected by construction, both of neighboring Chamonix and refurbishments within Bronco Billy's itself. Unlike previous years, it had no on-site parking, no on-site lodging, significantly less gaming capacity, and fewer restaurant offerings in 2022. As a result, Bronco Billy's was not profitable during the year. This should change in the coming year as the Bronco Billy's refurbishments are completed and the much larger Chamonix casino opens. Chamonix will offer significant on-site parking and hotel accommodations, which should also benefit Bronco Billy's.

Our contracted sportsbook wagering segment continued to evolve and be a significant profit contributor. We are allowed to operate three websites, or "skins," in each of Indiana and Colorado. We have chosen to allow others to operate those sites under our licenses, whereby we received upfront "market access fees" and will receive a percentage of their revenues, subject to certain minimums. Early in 2022, all six skins were in operation.

In May 2022, the company that operated under two of those skins abandoned its operations, foregoing the unamortized portion of the market access fees. In December 2022, we entered into a replacement arrangement with a different company for one of those two skins, and we continue to evaluate the opportunities for the other skin. Meanwhile, in May 2022, we entered into an agreement for the one Internet sportsbook license that we are entitled to operate in Illinois. Because Illinois has a larger population with far fewer sportsbook licenses than either Colorado or Indiana, we believe this is a more valuable license. When it begins operations later this year, the minimum payments under the Illinois agreement will approximately equal the minimum payments of all five of our other agreements combined.

I would like to thank our investors, lenders, regulators, employees and customers for their continued support. We will continue to work hard on everyone's behalf.

ABOUT THE MEETING

What is a virtual annual meeting?

This year’s annual meeting will be online and a completely virtual meeting of stockholders. You may attend, vote, and submit questions before and during the annual meeting via live audio webcast on the Internet by visiting www.virtualshareholdermeeting.com/FLL2023. You will not be able to attend the annual meeting in person. There will be no physical location for stockholders to attend.

You will need your control number included on your proxy card in order to be able to attend, submit questions that are pertinent to the meeting, and vote during the virtual annual meeting. We encourage you to access the annual meeting webcast prior to the start time. Online check-in will begin, and stockholders may begin submitting written questions, shortly before the start of the meeting. You should allow ample time for the check-in procedures.

If you wish to submit a question, you may do so during the meeting at www.virtualshareholdermeeting.com/FLL2023. Questions pertinent to meeting matters will be recognized and answered during the meeting, subject to time constraints. We reserve the right to edit or reject questions that are profane or otherwise inappropriate. Detailed guidelines for submitting written questions during the meeting will be available at www.virtualshareholdermeeting.com/FLL2023.

We will have technicians ready to assist you with any technical difficulties you may have accessing the virtual meeting or submitting questions. If you encounter any difficulties accessing the virtual meeting during the check-in or meeting time, please call the technical support number that will be posted on the annual meeting login page.

What is the purpose of the annual meeting?

At the virtual annual meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including:

- the election of nine directors;
- the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for 2023; and
- an advisory vote to approve the compensation of our named executive officers.

The stockholders will also transact any other business that properly comes before the virtual meeting.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, March 23, 2023, are entitled to receive notice of the annual meeting and to vote the shares of our common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of common stock entitles its holder to cast one vote on each matter to be voted upon.

What is the difference between a stockholder of record and a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the “stockholder of record” with respect to those shares. If your shares are held by a brokerage firm, bank, trustee or other agent (“nominee”), you are considered the “beneficial owner” of shares held in “street name”. As the beneficial owner, you have the right to direct your nominee on how to vote your shares by following their instructions for voting included in the enclosed proxy materials.

Who can attend the virtual meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the virtual annual meeting. To be admitted to the annual meeting at www.virtualshareholdermeeting.com/FLL2023, you must enter the control number located on your proxy card. Beneficial owners as of the record date who wish to attend the virtual meeting should follow the instructions from their nominee included in their proxy materials.

What constitutes a quorum?

The presence at the virtual meeting, in person or by proxy, of the holders of 40% of the total number of shares of our common stock and preferred stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, 34,411,616 shares of our common stock were outstanding and held by approximately 72 stockholders of record. As of the record date, no shares of our preferred stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining a quorum.

If less than 40% of outstanding shares entitled to vote are represented at the virtual meeting, a majority of the shares present at the meeting may adjourn the meeting to another date, time or place, and notice need not be given of the new date, time or place if the new date, time or place is announced at the virtual meeting before an adjournment is taken.

How do I vote?

If you are a stockholder of record, you may vote:

- via Internet;
- by telephone;
- by mail; or
- by attending the annual meeting virtually.

If you are a beneficial owner of shares held in street name, you must follow the voting procedures of your nominee included in your proxy materials. Beneficial owners who wish to vote in person at the virtual meeting must first request and obtain a legal proxy from their nominee.

If I plan to attend the virtual annual meeting, should I still vote by proxy?

Yes. Casting your vote in advance does not affect your right to attend the virtual annual meeting.

If you vote in advance and also attend the virtual meeting, you do not need to vote again at the meeting unless you want to change your vote.

May I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our Secretary either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the virtual meeting and so request, although attendance at the virtual meeting will not by itself revoke a previously granted proxy. If your shares are held in street name, you must contact your broker or nominee to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the meeting.

What are the Board’s recommendations?

The enclosed proxy is solicited on behalf of our board of directors (the “Board”). Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our Board. The recommendation of our Board for each item in this proxy statement is set forth below:

Proposal	Board Recommendation
1. Election of nine members to our board of directors to serve until our next annual meeting of stockholders or until their successors are duly elected and qualified.	FOR each director nominee
2. Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2023.	FOR
3. Approval, on an advisory basis, of the compensation of our named executive officers.	FOR

What happens if additional matters are presented at the annual meeting?

Our Board does not know of any other matters that may be brought before the meeting nor does it foresee or have reason to believe that the proxy holders will have to vote for substitute or alternate board nominees. In the event that any other matter should properly come before the meeting or any nominee is not available for election, the proxy holders will vote as recommended by our Board, or if no recommendation is given, in accordance with their best judgment.

What vote is required to approve each item?

Proposal	Votes Required for Approval	Abstentions
1. Election of directors	Majority of votes cast	No impact
2. Ratification of Deloitte & Touche LLP as our auditors	Majority of votes cast	No impact
3. Advisory vote to approve compensation of named executive officers	Majority of votes cast	No impact

For any other item that may properly come before the meeting, the affirmative vote of a majority of the votes cast at the virtual meeting, either in person or by proxy, will be required for approval, unless otherwise required by law.

How are abstentions treated?

Abstentions will not be counted as votes cast in the final tally of votes with regard to any proposal. Therefore, abstentions will have no effect on the outcome of any proposal. As stated above, abstentions will be counted for the purpose of determining whether a quorum is present.

What are “broker non-votes” and how are they treated?

If your shares are held by a broker on your behalf (that is, in “street name”), and you do not instruct the broker as to how to vote these shares on Proposals 1 or 3, the broker may not exercise discretion to vote for or against Proposals 1 or 3. This would be a “broker non-vote” and these shares will not be counted as having been voted on the applicable proposal. With respect to Proposal 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. Please instruct your bank or broker so your vote can be counted.

What is the effect of the advisory vote on Proposal 3?

Proposal 3 (“Say on Pay”) is an advisory vote. This means that while we ask stockholders to approve resolutions regarding this proposal, this is not an action that requires stockholder approval. If a majority of votes are cast “FOR” the Say on Pay proposal, we will consider the proposal to be approved. Although the advisory vote on this proposal is non-binding, our Board and its compensation committee will review the results of the vote and take them into account in making determinations concerning executive compensation.

Do I have dissenter’s or appraisal rights?

You have no dissenter’s or appraisal rights in connection with any of the proposals described herein.

Where can I find voting results of the virtual annual meeting?

We will announce the results for the proposals voted upon at the annual meeting and publish final detailed voting results in a Form 8-K filed within four business days after the virtual annual meeting.

Who should I call with other questions?

If you have additional questions about this proxy statement or the meeting or would like additional copies of this proxy statement or our 2022 Annual Report on Form 10-K, please contact: Full House Resorts, Inc., 1980 Festival Plaza Drive, Suite 680, Las Vegas, Nevada 89135, Telephone: (702) 221-7800.

CORPORATE RESPONSIBILITY

As a longtime owner and operator of regional gaming and hotel facilities, we have sought to operate by the highest standards. Our management team has prioritized strong regulatory compliance, financial discipline and oversight. We have worked to contribute to each of our communities across the country, act as good neighbors, and support our employees and their families.

Naturally, the world continues to evolve. Today investors, regulators, public officials and consumers expect companies in all industries to engage more directly in critical environmental, social and governance (“ESG”) issues. Our key stakeholders now want a more structured accounting of our business on issues ranging from carbon emissions to environmental conservation and workplace diversity.

For our small but fast-growing company, this transition aligns with our established values and our strategy of thoughtful, profitable expansion. For example, we are proud to report:

- Three members of our Board of Directors are female or ethnically diverse — above the levels established by Nasdaq’s board diversity rules;
- Our Board of Directors includes one LGBT+ director;
- 50% of our properties are led by women;
- 69% of our corporate executives and staff are female or ethnically diverse;
- Of our 1,718 full- and part-time property employees as of April 1, 2023, 52% are female and 33% are ethnically diverse; and
- All employees, including managers, are scheduled to receive yearly training for equal-opportunity and nondiscriminatory employment practices, as well as anti-harassment training.

As we grow, we plan to expand our focus on ESG issues through more structured initiatives, such as:

- Establishing measurable goals for environmental issues, particularly greenhouse-gas emissions;
- Quantifying the climate-related risks that we face;
- Conserving energy, water, and other natural resources, as well as focusing on waste reduction, renewable energy, and composting/recycling programs;
- Expanding our focus on employee diversity, equity and inclusion;
- Working to increase diversity among our management, employees, vendors and partners;
- Promoting diversity among contractors for supplies, services and construction; and
- Encouraging the use of sustainable and ethically sourced goods and services.

Our latest projects reflect this approach. At our American Place development in Waukegan, for example, we have set goals to utilize at least 25% minority-owned businesses as subcontractors, as well as firms owned by women, U.S. military veterans, and people with a disability.

In February 2023, we opened the first phase of our American Place development, a temporary casino aptly named The Temporary. Some items of note regarding The Temporary's construction include:

- Construction of The Temporary was led by a joint venture that included one of the largest Black-owned companies in the country and the fourth-largest minority-owned business in Chicago;
- The Temporary includes a large electric vehicle charging station, which we believe is one of the largest in the Chicagoland area and the state of Illinois; and
- The Temporary is rated to be more energy efficient than most typical commercial office buildings, despite our structure being temporary in nature.

At our properties, our employees regularly serve as community donors and volunteers, working both in-house and through local nonprofits and charitable organizations. In addition to each property's annual monetary contributions to nonprofits, regional initiatives include:

- Donating hundreds of holiday meals to those in need;
- Holding food drives for regional food pantries, schools and churches;
- Donating water, food and other essential items to hurricane-stricken communities;
- Funding local scholarship and internship programs;
- Teaming up with local partners to benefit Toys for Tots, the Boys and Girls Club, Northern Nevada Children's Cancer Foundation, Habitat for Humanity, the Salvation Army, local firefighters, 4-H, and other organizations;
- Participating in community beach and river cleanups; and
- Supporting the Two-Mile-High Club in Cripple Creek, which cares for feral donkeys descended from the historic mining town's original drove.

In addition, our team members across the country volunteer for a broad range of programs and organizations. Our employees serve on the boards of several local entities that support regional development; the casino/resort industry; tourism; youth sports; responsible gaming; animal welfare; and other causes.

Our management team will work to keep our employees, regulators, investors and communities informed of new ESG developments and policies, including the future launch of a dedicated ESG section on our corporate website. Given the size of our company and our available resources, some of these initiatives may take longer than others to develop over time. As always, we will work to meet or exceed regulatory and statutory requirements in a timely, transparent manner.

**OUR BOARD RECOMMENDS
A VOTE “FOR” EACH OF THE NOMINEES.**

CORPORATE GOVERNANCE

Board Leadership Structure

Our Board has not adopted a formal policy regarding the need to separate or combine the offices of Chairman of the Board and Chief Executive Officer. Instead, our Board remains free to make this determination from time to time in a manner that seems most appropriate for us. We currently have separate persons serving as the Chief Executive Officer and as Chairman of the Board, in recognition of the differences between the two roles. Our Chairman is responsible for setting the agenda for each of the meetings of our Board and the annual meetings of stockholders, and our Chief Executive Officer is responsible for our strategic direction and the general management of its business, financial affairs and day-to-day operations. We believe this structure promotes active participation of the independent directors and strengthens the role of our Board in fulfilling both its oversight responsibility and fiduciary duties to our stockholders, while recognizing our day-to-day management direction by the Chief Executive Officer. Accordingly, we believe this structure has been the best governance model for us and our stockholders to date.

Dr. Braunlich, an independent director, currently serves as our Chairman of the Board. During 2022, the independent directors met once in conjunction with our regular Board meetings. All of our Board committees are comprised only of independent directors except for our compliance committee, which includes Mr. Lee, our President and Chief Executive Officer. Each committee is chaired by an independent director. Our Board leadership structure is commonly utilized by other public companies in the United States of comparable size and scope. We believe that an independent Chairman and only independent directors serving on our Board committees (other than the compliance committee) provide an effective and balanced leadership structure. With experienced and participating independent directors, we believe we have the proper leadership structure.

Independence of Directors

Under the corporate governance standards of the Nasdaq Stock Market LLC (“Nasdaq”), at least a majority of our Board and all of the members of our audit committee, compensation committee, and the nominating and corporate governance committee must meet the test of independence as defined by the listing requirements of Nasdaq. Our Board, in the exercise of its reasonable business judgment, has determined that Mr. Adams, Dr. Braunlich, Mr. Green, Ms. Handler, Mr. Hartmeier, Ms. Marshall and Mr. Shaunnessy (constituting 78% of our current board) qualify as independent directors, pursuant to Nasdaq and rules and regulations of the Securities and Exchange Commission (“SEC”). In making the determination of independence, our Board undertook a review of director independence, which includes a review of each director’s responses to questionnaires asking about any relationships with us. This review is designed to identify and evaluate any transactions or relationships between a director or any member of his or her immediate family and us, or members of our management or other members of our Board, and all relevant facts and circumstances regarding any such transactions or relationships. In addition, our Board considered the recommendations of our nominating and corporate governance committee, which also considered whether such directors would be deemed to be “independent”.

Director Diversity

The following table presents board level diversity statistics, based on voluntary self-identification of each director nominee standing for election at the annual meeting, as of April 1, 2023. Based on the following diversity statistics, our Board currently satisfies the diversity objectives under Nasdaq Rule 5605(f)(2), and our Board will continue to satisfy the diversity objectives if all director nominees are elected at the annual meeting.

Board Retirement Policy

The Board of Directors recently formalized and adopted a Board retirement policy. Under such policy, a director is generally required to retire at the first Annual Stockholder Meeting following his or her 75th birthday. As Mr. Adams is a long-standing Board member with significant gaming experience and expertise, the Board elected to waive this requirement for Mr. Adams until the 2024 Annual Stockholder Meeting.

Meetings

During 2022, our Board held six meetings. Each of our directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board that were held during the period in which he or she was a director and (ii) the total number of meetings of all committees on which he or she served that were held during the period in which he or she was a director. We have no specific requirements regarding attendance at the annual meeting of stockholders by our directors. Nevertheless, in 2022, all of our directors at such time attended the virtual annual meeting.

Board Committees

Our Board has four standing committees: the audit committee, the compensation committee, the nominating and corporate governance committee, and the compliance committee, each of which operates under a written charter adopted by our Board. A current copy of each of the audit committee, compensation committee, compliance committee, and nominating and corporate governance committee charters is available through the “Investors □ Governance Documents” link on our website, www.fullhousesorts.com. The following table illustrates the current membership of each of our Board’s committees:

Audit Committee

The audit committee is currently comprised of three members: Mr. Shaunnessy, Ms. Marshall and Mr. Adams. Mr. Shaunnessy serves as chair of the audit committee. Our Board has determined that Ms. Marshall and Mr. Shaunnessy are audit committee financial experts as defined by the rules and regulations of the SEC. Our Board, in its reasonable judgment, has determined that each member of the audit committee is independent, as defined under the applicable Nasdaq listing standards, and meets the enhanced independence standards for audit committee members required by the SEC. The audit committee held five meetings in 2022.

Among its responsibilities, the audit committee:

- selects, retains, compensates, oversees and terminates, if necessary, our independent auditors;
- approves all audit engagement fees and terms and pre-approves all audit and permitted non-audit and tax services that may be provided by our independent auditors;
- at least annually, evaluates the qualifications, performance and independence of our independent auditors;
- reviews and discusses with the independent auditors, among other matters, the overall audit strategy and the scope, timing and results of the annual audit, and critical accounting policies and practices to be used in the audit;
- reviews with management and the independent auditors the adequacy and effectiveness of our financial reporting processes, internal control over financial reporting and disclosure controls and procedures;
- reviews and discusses with the independent auditors and management our annual and quarterly financial statements and the disclosure under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” to be included in our annual reports on Form 10-K and our quarterly reports on Form 10-Q;
- reviews, discusses with the independent auditors, and approves the functions of our internal audit department;
- establishes and oversees procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters;

- reviews and discusses with management and the internal audit department the risks faced by the Company and the policies, guidelines and process by which management assesses and manages such risks, including our major financial and data risk exposures;
- reviews, with the General Counsel and outside legal counsel, legal and regulatory matters that could have a significant impact on our financial statements; and
- reviews, approves and oversees related party transactions.

Please refer to the audit committee report, which is set forth below, for a further description of our audit committee’s responsibilities and its recommendations with respect to our audited consolidated financial statements for the year ended December 31, 2022.

Compensation Committee

The compensation committee is currently comprised of four members, Mr. Green, Dr. Braunlich, Mr. Hartmeier and Mr. Shaunnessy. Mr. Green serves as chair of the compensation committee. Our Board, in its reasonable judgment, has determined that each member of the compensation committee is independent as defined under the applicable Nasdaq listing standards, Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The compensation committee held three meetings in 2022. The compensation committee is generally responsible for reviewing and making recommendations to our Board regarding all forms of compensation to be provided to our executive officers, directors and, where appropriate, employees.

Among its responsibilities, the compensation committee:

- reviews and determines the corporate goals and objectives of our chief executive officer, or CEO, and all other executive officers and such other employees as the compensation committee may determine from time to time;
- at least annually, evaluates the performance of the CEO and all other executive officers and such other employees as the compensation committee may determine from time to time;
- reviews and approves the compensation of the CEO;
- reviews and approves, or recommends for Board approval where appropriate, the compensation of all other executive officers, and such other employees as the compensation committee may determine from time to time;
- reviews and approves, or recommends for Board approval, individual performance objectives and general compensation goals and guidelines for executive officers and such other employees as the compensation committee may determine from time to time, and the criteria by which bonuses to such executive officers and other employees are determined;
- reviews and approves, or recommends for Board approval, the compensation policy for executive officers and directors, and such other employees as the compensation committee may determine from time to time;
- reviews and annually evaluates our incentive compensation plans and acts as administrator for all of our incentive plans; and
- develops and recommends for Board approval the executive officer succession plan, reviews such succession plan periodically, develops and evaluates potential candidates for executive officer positions and recommends to the Board any changes to and candidates for succession under the succession plan.

Management provides recommendations to the compensation committee on the amount and type of executive compensation (other than that of the recommending executive), as well as individual performance objectives for bonuses and incentive compensation, and the compensation committee reviews and considers these recommendations. In formulating its recommendations to the Board, the compensation committee additionally considers our performance as a whole. The compensation committee determines the achievement of the individual performance objectives, which are based on specific goals consistent with the annual business plan, and recommends individual bonus and incentive compensation amounts to the Board. The compensation committee may delegate its authority to subcommittees or the chair of the committee when it deems appropriate and in our best interest.

The compensation committee reviews a number of factors when evaluating compensation of executives, including any potential base salary increases. Such factors include, but are not limited to, a periodic review of our peer group within the gaming industry for equivalent positions of companies of similar size and status, external market conditions, and individual factors. Such individual factors include the executive's experience, tenure, education, job performance, contributions to our operational and financial results, complexity of the executive's responsibilities and any unique skills or qualities the executive possesses.

In 2022, the compensation committee engaged AETHOS Consulting Group ("AETHOS") to provide compensation-related recommendations for our executives, as well as to consider any updates to our peer group. Our peer group did not change in 2022. Reflecting our recent growth and future growth plans, our peer group continued to consist of: Accel Entertainment, Bally's, Century Casinos, Everi Holdings, Golden Entertainment, Inspired Entertainment, Lindblad Expeditions, Monarch Casino and Resort, Playa Hotels & Resorts, PlayAGS, Red Rock Resorts, and Rush Street Interactive.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year, Dr. Braunlich, Mr. Green, Mr. Hartmeier and Mr. Shaunnessy served on the compensation committee. None of the members of the compensation committee were at any time during 2022, or at any other time, an officer or employee of our Company, or was formerly an officer of our Company, except for Mr. Shaunnessy, who served as our Executive Vice President and Chief Financial Officer from 1998 to 2004. No interlocking relationship existed at any time during 2022 between our Board or our compensation committee and the board of directors or compensation committee of any other company. There were no transactions in 2022 between us and any directors who served as compensation committee members for any part of 2022 that would require disclosure by us under SEC rules requiring disclosure of certain relationships and related party transactions.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee is currently comprised of four members, Mr. Hartmeier, Dr. Braunlich, Mr. Green, and Ms. Handler. Mr. Hartmeier serves as chair of the nominating and corporate governance committee. The nominating and corporate governance committee held three meetings in 2022.

The nominating and corporate governance committee is generally responsible for assisting our Board with respect to nominating new directors.

Among its responsibilities, the nominating and corporate governance committee:

- determines, and periodically reviews, specific, minimum qualifications and characteristics that must be met by a nominee for a position on the Board or on a Board committee;
- determines, and periodically reviews, (i) whether there are any specific qualities or skills that are necessary for one or more directors to possess, (ii) the overall diversity of the Board, and (iii) any other areas that may be expected to contribute to an effective Board;

- develops, and recommends to the Board for approval, standards for determining when a director has a relationship with the Company that would impair his or her independence;
- develops and recommends to the Board, and reviews at least annually, a set of corporate governance guidelines applicable to us, and recommends changes to the Board as appropriate;
- develops, recommends to the Board for approval, and periodically reviews, the Code of Business Ethics and Conduct, investigates any alleged breach or violation, and enforces the provisions of the Code of Business Ethics and Conduct;
- reviews and oversees our corporate governance practices and procedures; and
- develops, subject to Board approval, a process for periodic evaluation of the Board and other Board committees and oversees the conduct of such evaluations.

The nominating and corporate governance committee considers all qualified director candidates regardless of age, race, gender, national origin or religion. The nominating and corporate governance committee seeks to balance the existing skill sets of current Board members with the need for diversity and other appropriate skills and qualities that will complement our strategic vision. All director candidates are evaluated based on general characteristics and specific talents and skills needed to increase the Board's effectiveness, including such factors as business experience, skills and knowledge with respect to the gaming industry, finance, marketing, and financial reporting. Additionally, all candidates must possess a commitment to high ethical standards and have a demonstrated reputation for integrity. The nominating and corporate governance committee will consider stockholder recommendations for director candidates and will do so in the same manner that it considers all director candidates. Other than as provided by applicable law, there are no specific, minimum qualifications that must be met by a director nominee recommended by a stockholder except that a director must be of full age.

Under our By-Laws, if a stockholder wishes to submit a nominee for consideration by the nominating and corporate governance committee, the stockholder must deliver or mail notice of the request to the Secretary, in writing, so that it is received not less than 90 days nor more than 120 days prior to the anniversary date of the prior year's annual meeting of stockholders. However, if the annual meeting is not within 30 days in advance of the anniversary date of the prior year's annual meeting or not within 70 days after the anniversary date of the prior year's annual meeting, such notice must be received by the Secretary no later than 10 days following the date of public disclosure of the annual meeting date. The notice must be accompanied by the information concerning the nominee and proposing stockholder described in Article I, Section 12 of our By-Laws including disclosure of: (i) the number of shares of our capital stock owned of record and beneficially by the nominee, (ii) a description of any agreement, arrangement or understanding between a proposing stockholder and any other persons acting in concert, (iii) information we deem appropriate to ascertain the nominee's suitability to serve on the Board or eligibility to serve as an independent director, and (iv) any other information concerning the nominee required to comply with the proxy rules and regulations. A nomination not made in accordance with the procedures set forth in our By-Laws is void.

Although the nominating and corporate governance committee's charter permits the committee to engage a search firm to identify director candidates, we did not pay any third parties a fee to assist in the process of identifying or evaluating director candidates in 2022.

Compliance Committee

The compliance committee is comprised of five members: Mr. Adams, Dr. Braunlich, Mr. Lee, Ms. Marshall, and Ms. Handler. Mr. Adams serves as chair of the compliance committee. The compliance committee's functions include reviewing and making recommendations to the Board regarding compliance with gaming laws and regulations. The compliance committee held six meetings in 2022.

The compliance committee meets quarterly to review the items determined by the Illinois, Colorado, Nevada, Indiana and Mississippi gaming control boards to be of sufficient material interest to warrant review by a committee of the Board, as reported by our Compliance Officer and General Counsel.

Board's Role in Risk Oversight

The audit committee is responsible for reviewing and assessing our financial risks, including those that may relate to cybersecurity. The compensation committee is primarily responsible for overseeing the management of risks associated with compensation policies and practice. In addition, the compliance committee is responsible for the oversight and review of all matters of gaming regulatory importance. We believe that these committees provide us with proper risk oversight.

Prohibition on Short Sales, Derivatives Trading and Pledging and Hedging of Company Securities

Our insider trading policy prohibits directors, officers, employees, and our consultants and independent contractors ("Insiders") from engaging in short-term or speculative transactions involving our securities. Specifically, Insiders may not engage in any of the following activities with respect to our securities:

- trading in securities on a short-term basis, excluding transactions required to complete certain stock option exercises;
- purchases of our securities on margin or holding our securities in a margin account;
- short sales of our securities;
- buying or selling puts or calls, or other derivative securities, of our securities;
- pledging our securities as collateral for a loan; and
- hedging or monetizing transactions or similar arrangements with respect to our securities.

Code of Conduct and Ethics

Our Board has adopted a Code of Conduct and Ethics applicable to each of our directors, officers and employees. The full text of the Code of Conduct and Ethics is available through the "Investors — Governance Documents" link on our website, www.fullhouserresorts.com. We intend to provide disclosure of any amendments or waivers of our Code of Conduct and Ethics on our website within four business days following the date of the amendment or waiver.

Certain Relationships and Related Party Transactions

Our Code of Conduct and Ethics broadly covers related-party transactions that may involve a conflict of interest. Under our audit committee charter, all related party transactions must be approved by our audit committee. Current SEC rules define transactions with related persons to include any transaction, arrangement or relationship (i) in which the company is a participant, (ii) in which the amount involved exceeds the lesser of \$120,000 or one percent of the average of a smaller reporting company's total assets at year-end for the last two completed fiscal years, and (iii) in which any executive officer, director, director nominee, beneficial owner of more than 5% of our common stock, or any immediate family member of such persons has or will have a direct or indirect material interest. All directors must recuse themselves from any discussion or decision affecting their personal, business or professional interests. The Company did not have any related party transactions in 2021 or 2022.

Director Compensation

Each non-employee director's compensation in 2022 consisted of: (1) cash compensation of \$50,000, paid quarterly in arrears (pro-rated for directors that served for less than the full year), and (2) a grant of common stock in a number of shares equal to approximately \$50,000 on the date of grant. The Chairman of the Board also receives additional annual cash compensation of \$20,000, paid quarterly in arrears, and the Chair of each of the Audit Committee (in addition to the outgoing Chair of the Audit Committee, to assist with the transition), Compensation Committee, Nominating and Corporate Governance Committee and Compliance Committee receives additional annual cash compensation of \$12,000, \$12,000, \$10,000 and \$10,000, respectively, paid quarterly in arrears. The table below summarizes the compensation paid by us to our non-employee directors for services rendered for 2022. EXECUTIVE COMPENSATION

We are constantly seeking to improve our policies and practices. We regularly meet with our shareholders, seeking their input on a broad variety of topics, including executive compensation. While we did not receive any negative feedback regarding executive compensation as a result of those outreach efforts in 2022, we nonetheless continue to seek ways to improve our compensation program. For example, in 2021, we adopted stock ownership guidelines for our Board and management team. Items of note include:

- Under the 2015 Equity Incentive Plan, as amended from time to time (the “2015 Plan”), a double-trigger is required for early vesting of equity and related grants in connection with a change in control. All unvested options that are currently outstanding were issued from the 2015 Plan.
- We use a formula-based, pay-for-performance approach to management bonuses. Since 2017, our bonus criteria have focused on achievement of a variety of performance goals, including return on invested capital, Adjusted EBITDA, discretionary free cash flow per share, growth rates in performance metrics, and individual goals.
- Maintenance of a clawback policy, which applies to both cash and stock-based awards.
- In March 2021, the Board approved stock ownership guidelines for our management team and our Board.
- In 2022, we again retained an independent third party to provide recommendations regarding our executive compensation.
- The 2015 Plan prohibits the repricing or exchange of equity-based grants without stockholder approval.
- The compensation committee is comprised entirely of independent directors.
- We prohibit the hedging of our securities by members of our Board, our officers, and other insiders.
- We prohibit the purchase of our securities on margin or the holding of our securities in a margin account.
- We prohibit the pledging of our securities as collateral for a loan.

We made several improvements to our company’s balance sheet and operations in 2022 and early 2023, including:

- In February 2022, we completed the issuance of \$100 million of senior secured notes due 2028. Proceeds from that note issuance were used to fund the construction of The Temporary, our recently-opened temporary casino in Waukegan, Illinois. In February 2023, we issued \$40 million of additional senior secured notes due 2028, privately placed with a significant bondholder, to further ensure that our current liquidity covers our near- and mid-term needs.
- In February 2023, we began the phased opening of The Temporary in Waukegan, Illinois, a northern suburb of Chicago. The Temporary generated \$10.9 million of casino revenues in its first 45 full days of operations, or a run rate of approximately \$90 million per year. In comparison, our entire company’s gaming revenues from our five other casinos were \$114 million in 2022. In early April, we were permitted to expand the operating hours of our table games, with opening times now beginning at 10 a.m. versus 2 p.m. previously; increased our gaming limits from \$1,000 per wager to \$2,000; and opened our second restaurant, a fusion of Asian and Mexican cuisines. In May, we expect to open our third restaurant, a high-end dinner venue.
- At March 31, 2023, the three-year and five-year shareholder return for our stock was 478.4% and 125.2%, respectively.

Stock Ownership Guidelines

We believe that ownership in the Company by our executive management team, including our named executive officers, is an important tool to align the interests of our management team with the long-term best interests of our stockholders. Accordingly, in March 2021, the Board approved stock ownership guidelines for our management team and our Board, as detailed in the table below:

Title	Multiple of Base Salary
Chief Executive Officer	5x
Chief Financial Officer	3x
Other Named Executive Officers	2x
Independent Directors	2x Annual Cash Retainer

For purposes of determining a participant’s stock ownership level, the following items are included in the calculation of beneficial ownership: shares purchased on the open market or in private transactions; shares that are derived from vested equity awards, including vested restricted stock, stock-settled restricted stock units (RSUs), and exercised stock options; vested shares held in a 401(k) plan or other similar plan; and vested, but unexercised, stock options that are “in-the-money,” where the fair market value of a share of the company’s stock exceeds the exercise or strike price of the option.

Upon the adoption of these new guidelines, management and directors were given a period of three years to meet their minimum stock ownership levels. Newly-appointed directors and management members will have a five-year period from their date of joining the Company to meet their minimum stock ownership levels. As of the record date, all of our Named Executive Officers and all directors of our Board exceeded the minimum stock ownership guidelines except Mr. Ferrucci, who was appointed our Chief Operating Officer in February 2022, and Ms. Handler, who joined our Board in May 2022.

Annual Incentive Plan

Our compensation committee adopted the Full House Resorts, Inc. Annual Incentive Plan for Executives (the “Annual Incentive Plan”), effective as of January 1, 2017. The Annual Incentive Plan is a short-term incentive plan designed to reward our executives for achieving pre-established corporate performance goals during a given performance period. The purpose of the Annual Incentive Plan is to provide an incentive for superior performance, to motivate participating executives toward the highest levels of achievement and business results, to tie management’s goals and interests with our stockholders’ goals, and to enable us to attract and retain highly qualified executives. Any bonus awards under the Annual Incentive Plan are payable in cash or common stock (or any combination of cash or common stock), and any portion of such bonus award payable in the form of our common stock will be subject to the terms and conditions (including the applicable share limitations) of our 2015 Plan, or any other plan adopted by us pursuant to which shares of common stock may be granted.

Participation in the Annual Incentive Plan includes our named executive officers (our Chief Executive Officer, Chief Financial Officer and Chief Operating Officer), as well as any other individuals as determined by the compensation committee in its discretion.

Annual Incentive Awards

For 2022, the Compensation Committee approved two performance metrics for evaluating annual incentive bonus payouts under the Annual Incentive Plan: Adjusted EBITDA and individual qualitative goals. The total annual incentive bonus payout for those two metrics could not exceed, as a percentage of base salary: 175% for Mr. Lee, 125% for Mr. Fanger, and 100% for Mr. Ferrucci.

Goal 1: Adjusted EBITDA. The criteria for Adjusted EBITDA in 2022 were:

Named Executive Officer	Threshold	Target	Maximum
All NEOs	\$45 Million	\$50 Million	\$55 Million

Award payouts, as a percentage of base salary, for meeting Adjusted EBITDA goals were:

Named Executive Officer	Threshold	Target	Maximum
Daniel R. Lee	25%	80%	175%
Lewis A. Fanger	25%	75%	125%
John Ferrucci	25%	75%	100%

Adjusted EBITDA in 2022 was \$32.1 million, a 31.9% decrease from \$47.2 million in 2021. These operating results primarily reflect our guests receiving stimulus checks during the 2021 period, but not during 2022, and temporary construction-related disruption at Bronco Billy’s. As 2022 Adjusted EBITDA did not exceed the threshold level, the Compensation Committee did not approve the payout of any bonus amounts to our named executive officers related to this metric.

Goal 2: Individual Qualitative Goals. During 2022, we made significant progress in our efforts to advance our growth strategies. These included our continued focus on overall liquidity; the development and recent opening of The Temporary; the continued construction of Chamonix; and the expanded equity research coverage of our stock. In recognition of these efforts, in April 2023, the Compensation Committee approved maximum payout levels for this metric for Messrs. Lee, Fanger and Ferrucci. Performance levels, as a percentage of base salary, for individual qualitative goals were:

Named Executive Officer	Threshold	Target	Maximum
Daniel R. Lee	10%	40%	40%
Lewis A. Fanger	10%	20%	30%
John Ferrucci	10%	20%	30%

Milestone Bonuses. Mr. Fanger received a cash bonus of \$100,000 in March 2022. Such bonus was due to the successful issuance of additional senior secured notes in February 2022, which enabled the construction and opening of The Temporary in Waukegan, Illinois.

Independent Compensation Study

In 2021, AETHOS provided recommended updates to our compensation peer group, reflecting our recent growth and future growth plans. The updated peer group consisted of: Accel Entertainment, Bally's, Century Casinos, Everi Holdings, Golden Entertainment, Inspired Entertainment, Lindblad Expeditions, Monarch Casino and Resort, Playa Hotels & Resorts, PlayAGS, Red Rock Resorts, and Rush Street Interactive. We maintained this peer group in 2022.

Equity Awards

AETHOS also provided recommendations for compensation programs to the Compensation Committee. Among such recommendations was an increase in the usage of "at-risk" compensation for our officers. As a result, we began issuing performance-based shares in 2021. Recent performance-based awards include:

- In connection with his employment agreement dated December 31, 2020, Mr. Lee was issued 25,381 performance-based shares on January 3, 2022, with the vesting of such shares based on the compounded annual growth rate of the Company's Adjusted EBITDA and Free Cash Flow Per Share, as defined, for the three-year periods ending December 31, 2022, December 31, 2023, and December 31, 2024.
- Subsequent to his appointment as our Chief Operating Officer, Mr. Ferrucci was issued 5,734 performance-based shares on March 14, 2022, with vesting conditions similar to those of Mr. Lee's January 2022 grant described above.
- Mr. Fanger was issued 39,352 performance-based shares on May 19, 2022, with vesting conditions similar to those of Mr. Lee's January 2021 grant described above.
- Mr. Lee was issued 62,578 performance-based shares on January 3, 2023, with the vesting of such shares based on the compounded annual growth rate of the Company's Adjusted EBITDA and Free Cash Flow Per Share, as defined, for the three-year periods ending December 31, 2023, December 31, 2024, and December 31, 2025.

In April 2023, the Compensation Committee approved the satisfaction of performance criteria related to our operations in 2022. Such performance measures involved multi-year growth rates for EBITDA and free cash flow per share. As a result, a total of 75,796 shares either vested, or will vest, on the anniversary date of their grant. This total includes 31,785 performance shares previously granted to Mr. Lee, 16,033 performance shares previously granted to Mr. Fanger, and 1,911 performance shares previously granted to Mr. Ferrucci.

The Compensation Committee has historically also issued stock option awards, as it believes that a significant component of the compensation paid to our executives over the long-term should be equity-based compensation. It also believes that stock price appreciation and stock ownership in us are valuable incentives to our executives. Accordingly, our executives are granted equity awards to align their interests with those of our stockholders and to encourage them to manage us in our best long-term interests. We endeavor to make annual equity awards to its management team. Recent stock option awards include:

- In connection with his employment agreement dated December 31, 2020, on January 3, 2022, Mr. Lee received a non-qualified stock option to purchase 41,939 shares of common stock pursuant to the 2015 Plan at an exercise price per share of \$11.82, the closing price of our stock on that day. This stock option grant will vest with respect to 1/3 of the total number of shares underlying the stock option on each anniversary of January 3, 2022. Also in connection with his employment agreement, on January 3, 2023, Mr. Lee received a non-qualified stock option to purchase 62,578 shares of common stock pursuant to the 2015 Plan at an exercise price per share of \$7.40, the closing price of our stock on that day. This stock option grant will vest with respect to 1/3 of the total number of shares underlying the stock option on each anniversary of January 3, 2023.
- Subsequent to his appointment as our Chief Operating Officer, on March 14, 2022, Mr. Ferrucci received a non-qualified stock option to purchase 50,000 shares of common stock pursuant to the 2015 Plan at an exercise price per share of \$8.72, the closing price of our stock on that day. This stock option grant will vest with respect to 1/3 of the total number of shares underlying the stock option on each anniversary of March 14, 2022, subject to Mr. Ferrucci's continued service with us through the applicable vesting date.
- On May 19, 2022, Mr. Fanger received a non-qualified stock option to purchase 62,588 shares of common stock and Mr. Ferrucci received a non-qualified stock option to purchase 30,000 shares of common stock pursuant to the 2015 Plan, all at an exercise price per share of \$6.75, the closing price of our stock on that day. These stock option grants will vest with respect to 1/3 of the total number of shares underlying the stock options on each anniversary of May 19, 2022, subject to each executive's continued service with us through the applicable vesting date.

- iv. any merger, consolidation or other similar Change in Control (or series of related transactions) involving us unless the holders of the majority of the total combined voting power of our securities outstanding immediately prior to such merger, consolidation or other transaction possess more than 50% of the total combined voting power of the securities of the surviving entity that are outstanding immediately after such merger, consolidation or other Change in Control; or
- v. our dissolution or liquidation.

Termination due to Death or Disability

Upon termination of employment of Mr. Lee due to death or disability, in addition to benefits under the life and long-term disability insurance policies, as applicable, Mr. Lee or his estate shall receive an amount equal to one year's salary at the then-current rate, to be paid at monthly intervals. Mr. Lee or his estate shall also be paid a pro rata bonus for the current year, to be paid not more than 15 days following the filing of our Annual Report on Form 10-K for the applicable year. In all cases, these amounts will be satisfied first through the payment of the insurance policies provided by us pursuant to the Lee Employment Agreement, and if the insurance policies are insufficient to satisfy the amounts owed, then we shall be liable for the remainder. Upon termination of employment of Mr. Fanger or Mr. Ferrucci due to death or disability, in addition to benefits under the life and long-term disability insurance policies, as applicable, they will be entitled to accelerated vesting of all outstanding stock options held on the termination date that would have vested over the one-year period immediately following the termination date had the stock option continued to vest in accordance with its terms. In the case of Mr. Lee, all vested and outstanding stock options held by him on the termination date may be exercised, however, the unvested portion of each stock option will terminate.

Termination for Cause

Upon termination for Cause, each Executive will be entitled to exercise any vested options. Each Executive's right to receive the severance payments and benefits (either in connection with a Change in Control or outside the Change in Control context) described above is subject to the delivery of an effective mutual general release of claims. Each of the employment agreements with our Executives contains confidentiality, non-solicitation, non-hire and non-competition provisions.

Subject to exceptions or conditions in the Lee Employment Agreement, (i) upon a termination of Mr. Lee's employment for Cause or by Mr. Lee without Good Reason the non-competition covenant will continue to apply for one year, (ii) upon a termination of Mr. Lee's employment without Cause or by Mr. Lee with Good Reason the non-competition covenant will continue to apply for six months; and (iii) upon termination of Mr. Lee's employment for any reason, the non-hire covenant will continue to apply for one year. Upon a termination of the Mr. Fanger's or Mr. Ferrucci's employment for Cause or by them without Good Reason, the non-competition and non-hire covenants will continue to apply for one year, subject to exceptions or conditions in the Fanger Employment Agreement or the Ferrucci Employment Agreement, respectively.

Upon a termination of Executive's employment for any reason (or after the term of each Executive's employment agreement), the non-solicitation covenant will continue to apply for one year.

CEO Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Act and Item 402(u) of Regulation S-K under the Exchange Act ("Regulation S-K"), we are providing the following information about the relationship of the annual total compensation of Mr. Lee, our President and Chief Executive Officer, and the annual total compensation of our median employee. Using the methodology described below, we determined that the total annual compensation of our median employee, excluding our Chief Executive Officer, was \$25,109. The annual total compensation of our Chief Executive Officer was \$1,486,529. Based upon the calculation of compensation for both our Chief Executive Officer and our median employee, the ratio of Chief Executive Officer pay to median employee pay for 2022 was 59-to-1. We believe this pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K.

To identify the annual total compensation of our median employee, we took the following steps:

- We identified our median employee using payroll compensation consistent with what is reported on each employee's W-2, Box 1 as of December 31, 2022 for all individuals, excluding our Chief Executive Officer, who were employed by us on such date. There were 1,251 total employees in such group, excluding our Chief Executive Officer. Total annual compensation was calculated using all pay periods between January 1, 2022 and December 31, 2022.
- We did not make any assumptions or estimates with respect to total annual compensation.
- In accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, we then calculated the total annual compensation for the median employee for 2022. We compared such amount to the annual total compensation of our Chief Executive Officer for 2022, as set forth in the "Total" column of the Summary Compensation Table included in this proxy statement.

Because the SEC rules for identifying the median of the annual total compensation of a company's employees and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to our pay ratio, as other companies may have employees in other countries, have different employee populations and compensation practices, and may utilize different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

Information Presented in the Pay versus Performance Table

We seek to align executive interests with all stakeholders by setting performance measures that provide a clear path to achieving long-term value. Because the Company generally places emphasis on long-term performance, compensation actually paid as disclosed in the table above may not specifically align with achievement of performance measures for a particular year.

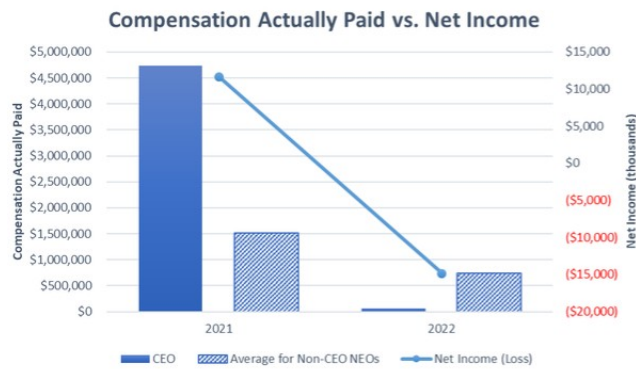

Compensation Actually Paid and Cumulative Total Shareholder Return (“TSR”)

As described in “Executive Compensation — Annual Incentive Awards,” equity awards comprise approximately 40% of our CEO’s compensation awarded during the fiscal year. These awards consist of performance-based restricted shares and time-based options, which do not vest during the year awarded. The following graph demonstrates the relationship between compensation actually paid and cumulative TSR considering the Company’s emphasis on long-term equity awards.

Compensation Actually Paid and Net Income

The following table demonstrates the relationship between compensation actually paid and net income, which is not a performance metric used in our overall compensation program. Net income is, however, related to Adjusted EBITDA, which is included in our compensation program.

**PROPOSAL TWO:
RATIFICATION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee appoints, compensates and oversees our independent registered public accounting firm. The audit committee engages in a comprehensive evaluation of the independent registered certified public accounting firm's qualifications, performance and independence and considers the advisability and potential impact of selecting a different independent registered public accounting firm. The audit committee has selected Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the year ended December 31, 2023. Deloitte has served as our independent registered public accounting firm since August 2019. In connection with the selection of Deloitte, the audit committee reviews and negotiates the terms of the engagement letter entered into with Deloitte. This letter sets forth important terms regarding the scope of the engagement, associated fees, payment terms and responsibilities of each party.

The audit committee and our Board believe that the continued retention of Deloitte as our independent registered public accounting firm is both in our best interests and those of our stockholders. As such, we are asking our stockholders to ratify the selection of Deloitte as our independent registered public accounting firm for 2023. Although ratification is not required by our By-laws or otherwise, we are submitting the selection of Deloitte to our stockholders for ratification because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate governance. The audit committee will consider the outcome of our stockholders' vote in connection with the audit committee's selection of our independent registered public accounting firm in the next fiscal year, but is not bound by the stockholders' vote. Even if the selection is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time if it determines that a change would be in the best interests of us and our stockholders.

Representatives of Deloitte are expected to attend the virtual annual meeting. Representatives will have an opportunity to make a statement if they desire to do so, and they plan to be available to respond to appropriate questions.

Audit and Non-Audit Fees

The following table summarizes the fees for professional audit and other services rendered by Deloitte in 2022 and 2021.

(In thousands)

Audit fees ⁽¹⁾	\$	881,758	\$	657,821
Audit-related fees		—		—
Tax fees		—		—
All other fees		—		—
Total	\$	881,758	\$	657,821

(1) These amounts represent fees in connection with the audit of the annual financial statements and the reviews of the financial statements included in each of our Quarterly Reports on Form 10-Q, along with regulatory reporting to state commissions, review of documents filed with the SEC and consents.

Pre-Approval Policies and Procedures

The audit committee’s policy is to review and pre-approve any engagement of our independent auditors to provide any audit or permissible non-audit service to us. All of the services provided by our independent auditors during fiscal year 2022, as described above, were approved by the audit committee, and the audit committee believes that the provision of these services is consistent with maintaining the auditors’ independence.

Audit Committee Report

The following report of the audit committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of our filings under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that we specifically incorporate such report by reference.

The audit committee oversees Full House Resorts, Inc.’s financial reporting process. Management has the primary responsibility for the financial statements and the financial reporting process, including the system of internal controls.

In fulfilling our oversight responsibilities, we reviewed and discussed the financial statements with management. In addition, we discussed with the independent auditors matters deemed significant by the independent auditors, including those matters required to be discussed by the applicable standards of the Public Company Accounting Oversight Board. The audit committee met at the end of each quarter with management and the independent auditors where we reviewed and approved the quarterly and annual filings.

The independent auditors also provided us with the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). We discussed with the independent auditors matters relating to their independence and considered whether their provision of non-audit services is compatible with maintaining their independence.

Based on our review with management and the independent auditors of Full House Resorts, Inc.’s audited consolidated financial statements and the independent auditors’ report on such financial statements, and based on the discussions and written disclosures described above and our business judgment, we recommended that the audited consolidated financial statements be included in Full House Resorts, Inc.’s Annual Report on Form 10-K for the year ended December 31, 2022 for filing with the SEC.

**OUR BOARD RECOMMENDS A VOTE “FOR” THE RATIFICATION OF
DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR THE YEAR ENDING DECEMBER 31, 2023.**

**PROPOSAL THREE:
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), which enacted Section 14A of the Exchange Act, requires that our stockholders have the opportunity to cast a non-binding advisory vote regarding the approval of the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC’s rules.

Our executive compensation programs are designed to attract, motivate and retain our executive officers, who are critical to our success. Please read the section of this proxy statement titled “Executive Compensation” for details about our executive compensation programs, including information about the 2022 compensation of our named executive officers.

As described under the heading “Corporate Governance,” our compensation committee reviews and makes recommendations to the Board, as appropriate, regarding compensation to be paid to our executive officers and directors. Management provides recommendations to the compensation committee on the amount and type of executive compensation, as well as individual performance objectives for bonuses and incentive compensation. The compensation committee reviews these recommendations, along with information previously provided by an executive employment consultant, to formulate the committee’s recommendations to the Board. The compensation committee determines the achievement of financial and individual performance objectives, based upon which it approves the compensation of the CEO and recommends, for the Board’s approval, the compensation of our other named executive officers.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “Say on Pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation by voting for or against the following resolution (or by abstaining with respect to the resolution).

RESOLVED, that the compensation paid to our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Summary Compensation Table, other executive compensation tables and related narrative disclosures is hereby APPROVED.

The “Say on Pay” vote is advisory, and therefore not binding on us, the compensation committee or our Board. However, the compensation committee and our Board value the opinions expressed by stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers. The approval of this proposal requires the number of votes cast in favor of this proposal to exceed the number of votes cast in opposition to this proposal.

OUR BOARD RECOMMENDS A VOTE “FOR” ADOPTION OF THE RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive officers and persons who own more than ten percent of our outstanding common stock, to file with the Securities and Exchange Commission ("SEC") initial reports of ownership and reports of changes in ownership of common stock. These persons are required by SEC regulations to furnish us with copies of all such reports they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that all Section 16(a) reports were timely filed by our officers, directors and greater than ten percent beneficial owners, except for a Form 4 filed by Daniel R. Lee on March 16, 2022 for a transaction dated January 3, 2022.

OTHER MATTERS

Information Concerning Stockholder Proposals and Director Nominations

Proposals for Inclusion in the Proxy Statement. Any stockholder satisfying the SEC requirements and wishing to submit a proposal to be included in the proxy statement for the 2024 annual meeting of stockholders should submit the proposal in writing to the Secretary, Full House Resorts, Inc., 1980 Festival Plaza Drive, Suite 680, Las Vegas, Nevada 89135. We must receive a proposal by December 16, 2023.

Proposals Not Included in the Proxy Statement and Nominations for Director. Stockholder proposals not included in our proxy statement and stockholder nominations for director may be brought before an annual meeting of stockholders in accordance with the advance notice procedures described in our By-Laws. In general, notice must be received by the Secretary not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting (i.e., May 18, 2024). For the 2024 annual meeting of stockholders, the Secretary must receive notice of the proposal on or after the close of business on January 19, 2024 and no later than the close of business on February 18, 2024. Stockholder proposals must be in proper written form and must meet the detailed disclosure requirements set forth in our By-Laws. If the annual meeting is not within 30 days in advance of the anniversary date of the prior year's annual meeting or not within 70 days after the anniversary date of the prior year's annual meeting, we must receive your notice no later than 10 days following the date of public disclosure of the annual meeting date. The notice must also meet all other requirements contained in Article I, Section 12 of our By-Laws.

Communications with the Board of Directors

Our Board believes it important that interested parties have the opportunity to communicate their concerns directly to our Board. Stockholders may contact or communicate with an individual director or our Board as a group, including the non-employee directors as a group, by addressing a letter to Full House Resorts, Inc., Attention: Board of Directors c/o Secretary, 1980 Festival Plaza Drive, Suite 680, Las Vegas, Nevada 89135; or via email to board@fullhouserestorts.com. Each communication should specify the applicable addressee or addressees to be contacted. The Secretary will forward communications intended for the Board to the Chairman, or, if intended for an individual director, to that director.

Proxy Solicitation Costs

We will pay the cost of preparing, assembling and mailing the proxy statement, notice of meeting and enclosed proxy card. In addition to the use of mail, our employees or authorized agents may solicit proxies personally and by telephone. Our employees will receive no compensation for soliciting proxies other than their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies, and we may reimburse those persons for their expenses incurred in connection with these activities. We will compensate only independent third-party agents that are not affiliated with us to solicit proxies. At this time, we do not anticipate that we will be retaining a third-party solicitation firm, but should we determine in the future that it is in our best interests to do so, we will retain a solicitation firm and pay for all costs and expenses associated with retaining this solicitation firm.

List of Stockholders Entitled to Vote at the Annual Meeting

A list of stockholders entitled to vote at the annual meeting will be available at our offices for a period of ten days prior to the virtual annual meeting for examination by any stockholder for any purpose germane to the meeting. The stockholder list will also be available during the virtual annual meeting for examination by any stockholder at www.virtualshareholdermeeting.com/FLL2023.

Householding

Under the rules adopted by the SEC, we may deliver a single set of proxy materials to one address shared by two or more of our stockholders. This delivery method is referred to as “householding” and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one set of proxy materials to multiple stockholders who share an address, unless we received contrary instructions from the affected stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the proxy materials, as requested, to any stockholder at the shared address to which a single copy of these documents was delivered. If you prefer to receive separate copies of the proxy statement or annual report, please contact Broadridge Financial Solutions, Inc. by calling 1-866-540-7095 or in writing at 51 Mercedes Way, Edgewood, New York 11717, Attention: Householding Department.

In addition, if you currently are a stockholder who shares an address with another stockholder and would like to receive only one copy of future notices and proxy materials for your household, you may notify your broker if your shares are held in a brokerage account or you may notify us if you hold registered shares. Registered stockholders may notify us by contacting Broadridge Financial Solutions, Inc. at the above telephone number or address.

ANNEX 1: GAAP TO NON-GAAP RECONCILIATIONS

We use Adjusted EBITDA as a measure of our performance. We utilize Adjusted Segment EBITDA as the measure of segment profitability in assessing performance and allocating resources at the reportable segment level. Adjusted EBITDA is defined as earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening expenses, impairment charges, asset write-offs, recoveries, gain (loss) from asset disposals, project development and acquisition costs, and non-cash stock-based compensation expense. Adjusted EBITDA information is presented solely as supplemental disclosure to measures reported in accordance with generally accepted accounting principles in the United States of America (“GAAP”) because management believes this measure is (i) a widely used measure of operating performance in the gaming and hospitality industries and (ii) a principal basis for valuation of gaming and hospitality companies. In addition, a version of Adjusted EBITDA (known as Consolidated Cash Flow) is utilized in the covenants within our revolving credit facility agreement, although not necessarily defined in the same way as above. Adjusted EBITDA is not, however, a measure of financial performance or liquidity under GAAP. Accordingly, this measure should be considered supplemental and not a substitute for net income (loss) or cash flows as an indicator of the Company’s operating performance or liquidity.

The following table presents a reconciliation of net (loss) income to Adjusted EBITDA:
